THE PREZ SEZ

Hi Everyone, I'm writing this just after the completion of our Annual Dust Off at our Club House. Saturday began with a large group of members all working together to get the club house and property looking great for Sunday's event. Also, on Saturday a group of members went to work on the club Swap Meet trailer. The trailer was emptied and then upon reloading lots of items no longer needed were piled high in the corner of the trailer compound. The trailer spring cleaning opened up a lot of floor space some of which will be used for the ice coolers and other items needed at the member's hospitality tent.

On Sunday morning it was 35 degrees when I left home driving my topless Deuce roadster heading to the clubhouse. It wasn't long before vehicles began arriving for the Dust Off - overflowing well into the field out back. The NSRA Inspectors were busy all day. At lunch time a few hundred hot dogs were consumed, and as they say, "If you feed them, they will come". A great time was had by all.

With the Swap Meet fast approaching on Sunday May 5th we have one club meeting left before it. At the May club meeting any updates will be discussed. Anyone with questions can get the information needed. Overall, the transition to the new Swap Meet Chairman team has gone smoothly there's no major changes, just overall refinements and streamlining as needed.

To fill out the month of May we have Cars and Coffee on the 19th and our 3rd Annual Model show as well. To add a bit more fun this year we will once again join the Over The Hill Club on some Ice Cream Runs. So keep your gas tank full and be ready for updates. **Ron San Giovanni**
